CALL FOR PAPERS
11th International Symposium on Fire Safety Science
University of Canterbury, New Zealand
February 10-14, 2014

The International Association for Fire Safety Science (IAFSS) is proudly announcing that the 11th International Symposium on Fire Safety Science will be held on February 10 – 14, 2014 at the University of Canterbury, New Zealand (http://www.canterbury.ac.nz).

The Symposium is the premier fire safety science meeting in the world and has been organized triennially since 1985 by the IAFSS. The program will have parallel sessions for the presentation of fully peer-reviewed papers over the five days of the Symposium, including invited lectures from the world’s top fire science researchers. Symposium activities will begin on Sunday, February 9 with several workshops in the afternoon and a Welcome Reception in the evening. The Symposium will also have poster sessions which will provide an excellent opportunity to interact individually with researchers about their most recent work. Students are encouraged to participate and awards will be made for the best student posters. In addition to the technical sessions, numerous social activities are planned to cater for informal meetings with colleagues and friends. There will be a rich array of entertainments and tours in the companion program and there is much to see in the Canterbury region and beyond.

Host Venue

The University of Canterbury (UC) is located in Christchurch (http://goo.gl/maps/fnT7a), the gateway to New Zealand’s amazing South Island. Nestled between the Pacific Ocean to the east and the Southern Alps to the west; the University campus is close to many tourist attractions in the Canterbury region and the entire South Island.

The University comprises five Colleges, including Arts, Business and Economics, Education, Engineering, and Science, and a School of Law. The Symposium will be held in the lecture theatres centrally located on the campus of the University. The University is just 10 minutes from the Christchurch international airport providing many direct flights to New Zealand and international destinations.

The University of Canterbury (UC) was established in 1873 by the scholars of Oxford and Cambridge universities and is New Zealand’s second oldest university. UC has a strong international reputation for its high-quality degrees, excellent teaching staff and cutting-edge research. UC is a government-funded, research-led

comprehensive university. Qualifications offered include Bachelors with Honors, Master's and Doctoral degrees, as well as Certificates and Diplomas at undergraduate and postgraduate levels. UC has approximately 12,000 students. The University is home to one of the largest fire engineering program in the southern hemisphere. The Fire Engineering Group is a renowned group in the world. The College of Engineering is also well known for other engineering disciplines and hosts seven departments and nine research centers.

Registration and Accommodation
Symposium registration and hotel booking for participants and their companions will be available via links from the IAFSS website at www.iafss.org in early 2013. The registration will include online access to full papers and posters.

Research of Interest
You are invited to submit a contribution that advances scientific understanding and/or presents new ideas in the entire spectrum of fire safety science. The topic areas include:

- Ignition, Flame Spread
- Compartment Fire Dynamics
- Fire Chemistry and Toxic Hazards
- Flame Retardants and Advanced Materials
- Structural Fire Performance
- Smoke Control and Detection
- Suppression
- Forest (wildland) fires
- Explosions and Industrial Fires
- Fire Risk Analysis and Statistics
- Evacuation and Human Behavior
- Fire Safety and Sustainable Design
- Special Applications (Codes and Standards; Fire Safety Management; Fire Safety and Security; Fire Forensics)

Full papers and poster abstracts will be accepted on the basis of their quality and originality in the science of fire safety and its applications. Routine applications of established knowledge and case studies with no generalized results are not appropriate for the Symposium. Refer to prior Symposium proceedings for further information on the scope of contributed papers (http://www.iafss.org/publications).

All accepted and presented papers will be included in the Symposium Proceeding, Fire Safety Science, and will be electronically published by IAFSS (http://www.iafss.org/publications). All papers will have DOI's assigned and will be part of the CrossRef system, including citation indexing. This assures the best possible dissemination of the contributions and assures that citations of the papers will be fully recognized.

Requirements

Papers: Must be original work. The same paper must not have been submitted to another forum.

Style: All papers must be in English. Detailed information for authors on style, including paper length, format, etc, and a paper template are available via a link on the Symposium web page (http://www.iafss.org). The Symposium offers an English mentoring program. However, the mentoring service will be provided on the basis of technical merit of the paper and the reviewers’ recommendation. Poorly written papers will not be considered.

Oral Presentation: Oral presentation of the paper at the Symposium must be made by an author.

Review Process
Submitted full papers will receive at least two independent peer reviews. Reviewers will be appointed by members of the Program Committee. Final acceptance or rejection of a manuscript will be made by the 11th Symposium Program Committee.

Authors will be notified of the Program Committee’s decision by August 15, 2013. Notification will include reviewers’ comments, detailed style guidelines for the final version of the paper for publication, and the deadline for delivering a final version in which all reviewers’ comments have been addressed (September 30, 2013). The
Proceedings will include all accepted papers that are presented by an author at the Symposium provided that reviewer comments are addressed and the final versions are approved by the Program Committee Chairs (October 15, 2013), and the final photo-ready paper is submitted to the Proceedings Editors by 30 November 2013.

**Submitting Your Full Paper**

Manuscripts should be submitted electronically, beginning May 1, 2013, through the Symposium author web page located on the IAFSS website (http://www.iafss.org).

The submission deadline for papers is May 15, 2013. Papers submitted after May 30, 2013, will not be considered. Papers submitted between May 15 and 30 will be reviewed; however, timely submissions will be given preference in determining acceptance.

**Submitting Your Poster Abstract**

A Call for Posters will be issued in January 2013, which will provide details on poster abstract requirements. Posters may describe work in progress, or completed projects. To assure the inclusion of recent research, the submission deadline for poster abstracts is 31 October 2013. Poster abstracts will be reviewed by the 11th Symposium Program Committee.

**11th IAFSS Symposium Timeline**

**Full Papers**

- May 15, 2013 – Submission deadline for full papers
- August 15, 2013 – Letter to authors announcing paper acceptance/declination
- September 30, 2013 – Deadline for submission of the revised paper and the rebuttal
- October 15, 2013 – Deadline for technical approval of the final manuscript by Program Committee
- November 30, 2013 – Final submission deadline for photo-ready copy

**Posters**

- January 2013 – Call for poster abstracts
- October 31, 2013 – Submission deadline for poster abstracts
- November 30, 2013 – Poster acceptance/declination
- January 2014 – Poster submission for web posting

**Symposium**

- January 2014 – web publication of all papers and posters
- February 10-14, 2014 – 11th IAFSS Symposium

**Additional Information**

If you would like more information on the arrangements for the upcoming Symposium, please visit (http://www.iafss.org) or contact the local Host Committee at iafss-symposium@canterbury.ac.nz.
Call for Papers

11th IAFSS Symposium

Symposium Chair
Professor W-K Chow, Hong Kong Polytechnic U, China

Symposium Host Committee Chair
Professor C Fleischmann, U Canterbury, New Zealand

Symposium Proceedings Editors
Professor P van Hees, Lund U, Sweden
Dr R Jansson, SP Fire Technology, Sweden
Professor D Nilsson, Lund U, Sweden

Symposium Awards Committee
Mr D Brein, Chair, Karlsruhe IT, Germany
Dr C Beyler, Hughes Associates, USA
Professor M Delichatsios, U Ulster, UK
Dr M Spearpoint, U Canterbury, New Zealand
Professor T Tanaka, Kyoto U, Japan

Symposium English Language Mentoring Program
Dr R Alpert, Alpert Fire Protection Science, USA

Symposium Program Committee
Dr Y He, Chair, U Western Sydney, Australia
Professor A Trouvé, Co-Chair, U Maryland, USA
Dr P Tofilo, Poster Chair, Main School of Fire Service, Poland
Professor J Capote, Workshop Chair, U Cantabria, Spain
Professor B Merci, Workshop Chair, U Ghent, Belgium

Members
Professor A Buchanan, U Canterbury, New Zealand
Professor W K Chow, Hong Kong Polytechnic U, China
Professor B Dlugogorski, U Newcastle, Australia
Professor R Dobashi, U Tokyo, Japan
Professor N K Fong, Hong Kong Polytechnic U, China
Professor M Fontana, ETH Zürich, Switzerland
Professor E Galea, U Greenwich, UK
Professor G Hadjisophocleous, Carleton U, Canada
Professor Y Hasemi, Waseda U, Japan
Dr S Hostikka, VTT Technical Research Centre, Finland
Professor Y Hu, U Science Technology China, China
Dr H Ingason, SP Fire Technology, Sweden
Professor B Kandola, U Bolton, UK
Professor V Kodur, Michigan State U, USA
Dr E Kuligowski, National Institute Standards Technology, USA
Professor B Lattimer, Virginia Tech, USA
Dr G Linteris, National Institute Standards Technology, USA
Professor N Liu, U Science Technology China, China
Professor A Marshall, U Maryland, USA
Professor B Meacham, Worcester Polytechnic Institute, USA
Professor V Molkov, U Ulster, UK
Professor V Novozhilov, U Ulster, UK
Dr E Oran, Naval Research Laboratory, USA
Professor B Porterie, IUSTI Marseille, France
Professor A Rangwala, Worcester Polytechnic Institute, USA
Dr G Rein, Imperial College London, UK
Professor C Shen-Wen, Central Police U, Taiwan
Professor A Simeoni, Worcester Polytechnic Institute, USA
Dr M Simonson McNamee, SP Fire Technology, Sweden
Dr M Spearpoint, U Canterbury, New Zealand
Dr A Stec, U Central Lancashire, UK
Professor S Stoliarov, U Maryland, USA
Professor J Tanaka, Kyoto U, Japan
Professor J Torero, U Queensland, Australia
Professor S Tzu-Sheng, Central Police U, Taiwan
Dr C Wieczorek, FM Global, USA
Dr J Yang, National Institute Standards Technology, USA
Professor B Yao, U Science Technology China, China
