Subject: IAFSS Sponsorship of ISFEH Conference

Dear Bodzio,

By now you should be back safe and sound in your normal place of residence, somewhere down under. After the usual long trip, I returned to Boston in time to get hit by hurricane Sandy. Fortunately, New England ended up at the edges of the big mess and damage here was relatively limited. Of course, it is a different story when it comes to NYC and New Jersey. I am not sure how much we suffered from the insurance side of the business, but I figure that we will find out soon (there goes the annual bonus...).

As we discussed, I would like to pursue the possibility of IAFSS supporting the 7th ISFEH conference as a sponsor. We talked about that taking the form of a contribution (could \$2000 be a reasonable amount?) to be applied towards a mutually-agreed worthwhile purpose. A possibility would be to endow student travel grants or one or more best papers awards. These are just ideas and we are certainly open to other wishes that the IAFSS board might have with regards to the ultimate use of a potential contribution. Should that take place, we would appropriately list IAFSS as a sponsor of the seminar and could provide any other form of recognition you may wish to discuss.

Assuming that your general disposition towards this request has not changed, I would appreciate it if you could forward this proposal to the IAFSS board for their acceptance. If you need a more formal submittal, just let me know and I will endeavor to provide it.

Best regards,

Franco

Franco Tamanini, Chair
ISFEH International Organizing Committee
